Dear Dr. McMahon:

I am pleased to enclose ten copies of Export Controls: Reconciling National Objectives, the summary of our Academy Industry Program seminar held on February 14, 1984.

Since this issue remains unresolved, we hope that the papers presented in this volume will contribute in a positive way to the ongoing debate. Copies have been distributed to appropriate government officials, selected Congressmen and staff, industry and university representatives, and others.

I would like to thank you for both participating in the seminar and assisting in the preparation of the report. Please let me know if you would like additional copies.

Yours sincerely,

  
 Anne Keatley
